### **Reports**

#### CHART

All members will be notified when opportunities to participate are available. The city is now in the process of reviewing applications for paid facilitator positions.

#### Midtown Campus Project

Public listening sessions were held 7/21-22 with A&A represented at all sessions. Follow-up workshop sessions are scheduled for 9/23-25.

See <https://www.midtowndistrictsantafe.com/all-events/> and <https://www.cultureconnects.site/about-3> for information on all upcoming events and activities.

Three A&A members (Jody, Judy, Chris) met with Daniel Hernandez, the Midtown Campus overall project manager, via Zoom on 9/14. He responded to questions regarding the steps outlined on the published timeline.

Separately, A&A members are researching financial aspects of the project in preparation for requesting detailed information on costs and obligations. A committee member has also done research at the Assessor's website on the many land parcels within the site.

We continue to follow Midtown updates at Governing Body meetings. It was noted at our September meeting that Councilors have expressed impatience with the progress of the project and, in particular, with the timing of public engagement activities in relation to preparation of a development plan.

#### County

LWVSFC was asked by the County Clerk to advocate for additional budget dollars to improve our election infrastructure. We have not received a response to our request for the additional background information we need before deciding if/how we might get involved.

#### SFPS, SFCC

Mary Ellen Gonzales and Irene Epp continue to look for volunteers to cover these Boards.

### **Special Projects Updates**

*Outreach* – Training is ongoing for the Outreach Circle app.

*Civil Discourse* – Irene Epp continues to update the committee on activities of the project team.
