

Outreach Report

2021 – 2022

During the last year, the Outreach Committee has:

- Working with Stephanie Schlanger and Debbie Helper started League Libations as an in person event again.
- Begun, slowly, to use OutReach Circle as an event reminder and occasional call to action. OutReach Circle is a fast, easy, way of communicating with members and others which also collects the data we will be able to show funders and other supporters.
- Followed up contact with La Coalición de Taos and invited a member to our Annual Meeting.
- Ensured that the League Basics document can now be accessed on our website.
- Continued to solicit new member profiles for *The Voter*.

Future plans

- “Next Steps for New Members” as a rotating banner on the home page of the website.
- Ensuring that new members are aware of opportunities at the local, state, national and international level.
- A mentorship program so that new members to the league are not overwhelmed by League procedures.
- Changing some meeting times so that more members could be present.
- Adding our website to volunteer opportunity sites.
- Looking into joining the Chamber of Commerce.
- Approaching the Newcomers Club and Bienvenidos to add LWVSFC as a volunteer opportunity
